Intake Specialist

Purpose: To welcome clients to Nourish, process clients to receive food boxes, offer literature on specific assistance (if applicable), and enter data into a food bank database. These volunteers are the first people our clients see, creating the opportunity to offer compassion and respect to everyone who walks through our doors.

Qualifications: Being fluent in Spanish and English is VERY helpful. Computer and problem solving skills, ability to work with minimal supervision, able to have interpersonal connections. Excellent customer service skills and the ability to learn, understand, and abide by policies and implement when needed. Must be willing to learn Link2Feed database and attend necessary trainings before being able to serve in this position. **Direct client service.**

Benefits: Get to know the clients we serve on a personal level through direct service! Gain important perspective about our shared Phoenix community and learn the Link2Feed database that is being widely used by all partnering agencies. Volunteer will gain valuable insight on the pervasiveness of hunger and the need for food in our community. Volunteer will directly engage and help clients.

Clothing Room Attendant

Purpose: If you've ever worked a retail job or checked someone out at a store, this is the role for you. The clothing room attendant assists clients as they shop for clothing and other goods, then folds and bag client items when they check out. They also restock and replenish items periodically.

Qualifications: Great customer service skills, interpersonal aptitudes, being willing to talk to new people from different backgrounds and the ability to learn, understand, and abide by policies and implement when needed. Knowing some Spanish is helpful! Be able to stand for a two-hour long period. Be able to work in a fast-paced environment with relative speed and efficiency. **Direct client service.**

Benefits: Volunteer will be able to engage first-hand with clients and offer personal assistance with clothing and other items needed by clients. Having volunteers in this area allows us to keep the clothing room open 5 days a week to serve everyone who needs clothing.

Sorting Room Associate

Purpose: To help sort through and organize clothing, shoes, household goods, toiletries, and other miscellaneous items that are donated. Includes restocking the Clothing Room when needed, hanging/folding clothing, and making hygiene bags for clients.

Qualifications: Must have the ability to do occasional physical work such as lifting and bending and work with minimal supervision. Organizational skills and the ability to work independently are VERY helpful. **Indirect client service.**

Benefits: Volunteer will be able to help restock the Clothing Room for the following day of operations, allowing clients the opportunity to receive a larger variety of clothing. Volunteer will be able to provide tremendous help in a “behind the scenes” position.

Pantry Associate

Purpose: To assemble and distribute food boxes for clients, serving upwards of 200 people and their families every day.

Qualifications: Customer service skills and the ability to learn, understand, and abide by policies and implement when needed. Be able to stand for a long period of time (2-3 hours). Be able to lift 25-50lbs periodically by yourself. This is a fast-pace physical position that does require lifting and bending. **Direct and Indirect client service positions available.**

Benefits: Volunteer will be able to assemble and give food boxes to clients, helping feed the community and offer nutritious foods to those who need it. Get to know the families we serve by talking with them and learning about their stories. Volunteer will influence the community in a very real way by minimizing hunger in the Central Phoenix area.

Community Garden Volunteer (Once a month on 3rd Saturdays)

Purpose: To help our local community garden flourish by doing regular maintenance and upkeep. We use the produce from the garden to put fresh items in our food boxes!

Qualifications: Volunteers must be able to perform standard gardening tasks, such as; planting seeds, preparing soil boxes, pulling weeds or raking. Volunteers must be able to frequently bend and lift items, as well as be willing to work outdoors.

Benefits: Give back to nature and the community by getting your hands dirty in our garden! This help is vital to keeping our garden healthy so we can grow the freshest produce to put in our food boxes. Talk about *farm to table* eating!

Clothing Room Volunteers: What You Need to Know

Training: You will be trained in the 30 minutes before services start by our Volunteer Coordinator or a staff member. You will have a point of contact to ask questions during each volunteer shift.

Donations: Everything in the Clothing Room is donated. This means that we do not always have an item/particular size that a client needs. Please do your best to find an alternative option, or ask a staff member to assist.

Often we receive donations that catch the eye of both volunteers and staff! You are more than able to save a donated item for yourself, but we ask for a \$10 donation in exchange from both volunteers and staff. Please talk to staff before taking a donated item home.

Sensitivity: The reasoning behind our Clothing Room is to provide an authentic shopping experience for clients so that they can feel good about what they are wearing as well as to receive essential items such as blankets and household items. Please ensure that this room is kept clean during services by picking up clothes off the ground and returning empty hangers to the Sorting Room.

Many of our clients are Spanish speakers. Please utilize the Spanish vocab reference sheets to communicate with clients, or ask for staff assistance.

Every single one of our clients enters our doors for reasons we are not fully aware of and are in situations we will never know about. Please remember this and treat each client with dignity, respect, and compassion. If you need assistance with a client, please do not hesitate to reach out to a staff member for help.

Key Takeaways

- When restocking the room with more clothes, please make sure to:
 1. NOT over stock the racks – this makes it very difficult for our clients to shop
 2. Place the clothes in the right spots according to their size (put the larges with the larges, etc.). This makes it much easier for our clients to shop
- Check our daily item limit every time you come in – we are constantly changing the number of items clients can take when they are shopping, and it is the volunteer’s responsibility to know how many items each client can have.

Sensitivity: The clients we serve are picking out clothes that they may need for an interview, for work, or for school. To ensure we are promoting the confidence and dignity of all our clients, please do not keep clothes with stains, holes, tears, or that are in noticeably poor condition. Rule of thumb: if you would not personally be willing to wear an item yourself (style preferences aside), you should not be hanging it up for a client.

Please remember this and treat each client with dignity, respect, and compassion. If you need assistance with a client, please do not hesitate to reach out to a staff member for help.

Key Takeaways

- Always cut the tags off new items. We receive a lot of clothing from community partners that require us to do this as a part of our agreement.
- Please make sure you are sorting clothing on hangers **by gender (men/women) as well as size**. Each rack is labeled with the appropriate gender and size.
- Unless a clothing item is stained, ripped, visibly dirty, or otherwise unwearable, please hang it up. Everyone's style is different and we want to give clients a variety of items to choose from
- Keep different types of clothes grouped together
 - Ex) on the small women rack, put all pants together, then shirts, dresses, etc.
- **Always** hang up pants on the 'clip hangers' unfolded
- Please write the size of **every pair of pants** (men and women) on the waistband on a piece of masking tape.

Pantry Volunteers: What You Need to Know

Training: You will be trained in the 30 minutes before services start by our Volunteer Coordinator. You will have a point of contact to ask questions during each volunteer shift.

The Pantry requires several volunteer roles, so you may not be doing the same thing each time you serve in this area. Pantry volunteers can help assemble and break down food boxes, assist clients in modifying food boxes to meet their dietary requirements, or help clients transport food boxes to their vehicles.

Donations: Often we receive food donations that catch the eye of both volunteers and staff! Always check with staff first before taking a food item.

Food Safety: Since this position involves handling of food items, it is imperative that all pantry volunteers adhere to safe food handling regulations such as wearing gloves, storing food correctly (never touching the ground), and washing hands frequently. If you have any questions about proper food safety, please ask staff for clarification.

Physical Safety: Working in the Pantry can be very physical, with frequent lifting and loading of heavy food boxes. Always make sure to bend your hips and knees to squat down to the box, keeping it close to you as you lift up using your legs. Please ask for help if a box is too heavy, and never try to lift a box above your shoulders.

The Pantry has some pretty cool, heavy duty equipment to help transport the thousands of pounds of food each and every day! Please exercise the utmost care when handling box cutters, scissors, or any other equipment available in the Pantry. If you are uncomfortable with a certain tool, ALWAYS ask staff for help or assistance.

Sensitivity: Our food boxes may contain items that clients cannot eat because of an allergy or personal reason. Please make sure to accommodate them as best as you can by replacing a protein with another, or taking out items they cannot consume. If you are unsure if you can switch out a certain food, ask staff for clarification.

Many of our clients are Spanish speakers. Please utilize the Spanish vocab reference sheets to communicate with clients, or ask for staff assistance.

Intake Specialist Volunteers: What You Need to Know

Training: This position requires prior training with our Volunteer Coordinator or a staff member. It is an hour long training to get you acquainted with the computer database and other tasks associated with the Front Desk. This training is in-person, but can be sent online in a video format if scheduling is an issue.

After completing the initial training, you will have a Volunteer Lead with you for your first shift, as well as a point of contact to ask questions every shift thereafter. **Since this position requires more involved training and commitment, we ask that interested volunteers be willing to volunteer on a more regular basis.**

Donations: Often we receive donations that catch the eye of both volunteers and staff! You are more than able to save a donated item for yourself, but we ask for a \$10 donation in exchange from both volunteers and staff. Please talk to staff before taking a donated item home.

Sometimes our clients donate their items to us! If a client hands you donations at the front desk, please give to a staff member so they can take it back into the sorting room.

Sensitivity: You will be handling a lot of personal information for our clients. This information is confidential and should be handled with the utmost sensitivity and care when entering or editing it in the database. Please make sure to double check with each client to ensure accurate information.

Many of our clients are Spanish speakers. Please utilize the Spanish vocab reference sheets to communicate with clients, or ask for staff assistance. This role requires volunteers to be either bilingual in Spanish, or willing to ask for staff assistance in translating for our clients.

Every single one of our clients enters our doors for reasons we are not fully aware of and are in situations we will never know about. Please remember this and treat each client with dignity, respect, and compassion. If you need assistance with a client, please do not hesitate to reach out to a staff member for help.

A: Yes! We provide light snacks and beverages for our volunteers. Please refrain from eating/drinking anywhere else to ensure food safety and cleanliness.
